

29th September 2023

Dear Students, Parents and Guardians,

Med High School would like to present their new, exciting and fun afterschool **clubs**, offered for the academic year 2023-2024. As you can see on the attached list, energetic and thought-provoking clubs are included. From sports to the arts and fun clubs to the philanthropic voluntary clubs.

Each club will run for a *minimum* of ten meetings throughout the year. The exact time and date is flexible, as it will be decided by the teacher(s) in charge together with the students.

Please ask the teachers in charge for more information about the club you are interested in and keep in mind that you can take part in as many as you like.

At the end of the year, dedicated students who have successfully participated in a club will receive an official school certificate. This certificate can be included in future university applications, as it reflects extra-curricular involvement within the school.

The deadline to sign up to a club is Friday 6th October.

Yours Sincerely,

Med High Administration

Cc Elena Mouzourou - Principal
